Rank is open but we expect to hire at the level of Clinical Assistant Professor (non-tenure track) or Assistant Professor (tenure track).

JOB QUALIFICATIONS

Candidates for the Non-Tenure Track position must have significant professional experience as an actuary, the capability for publishing research in refereed professional or pedagogical journals, evidence of excellence in teaching, an earned Ph.D. in Actuarial Science or a related field, and a professional actuarial designation.

Candidates for the Tenure Track position must have a Ph.D. in Actuarial Science or a related field and a completed actuarial professional designation or one in progress. Further, candidates must have a strong capability of publishing in top actuarial, statistics, finance, or mathematics journals in the area of actuarial science.

ABOUT THE ENVIRONMENT

The Department of Risk Management and Insurance is one of the oldest and most influential risk management programs in the U.S. It has a distinguished history of serving students, alumni, and the risk management profession. Beginning in 2003 the Department adopted a strategic plan to transform itself into a premier center for scholarship and education in the management of risk broadly defined. We have assembled a group of faculty members trained in the most advanced methods for a coordinated study of risk management problems at their most fundamental levels. We are rated #4 in the USNews and World Report ranking of RMI programs and we are a Center of Actuarial Excellence.

The salary level and course load are competitive.

Positions are contingent on budget approval. Applications will be accepted until the position is filled. To apply, a letter of application, curriculum vitae, three recommendation letters, teaching evaluations if any, and copies of publications should be emailed (preferred) to rmijobs@gsu.edu or mailed to Martin F. Grace, Department of Risk Management & Insurance, Robinson College of Business, Georgia State University, PO Box 4036, Atlanta. GA 30302. Be sure to indicate in the cover letter that you are applying for a non-tenure track or a tenure track Actuarial Science position.
